Demonstration of practical assignments with help of simulations

Project demonstrations using ICT

34. Participation in Institutional Social Responsibility (ISR) and Extension activities

ICT Support for various activities and programmes arranged at Institutional Level

35. SWOC analysis of the department and Future plans

Strengths

Well established computer laboratories with latest computer hardware and software

Departmental library with adequate reference books especially for PG students

ICT enabled PG classrooms

Campus Placement and Pre-placement activities

Weaknesses

Limited number of scholarships available for socially and financially backward students.

Opportunities

Excellent career opportunities for Computer Science students

Opportunities of collaboration with software industries for students projects and placements

Challenges

Prepare students for global competency

Remain up-gradation of knowledge and laboratory infrastructure on current trends.

To make the availability of funds to economically poor students, because of limited government scholarships.
